10:00 - 11:00 AM

Arden Wood Chapel Auditorium (Childcare provided)

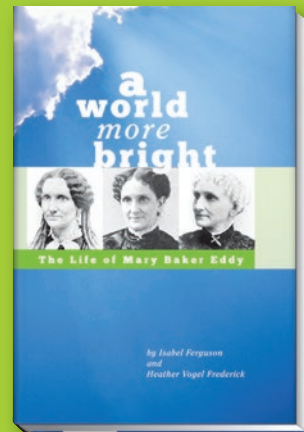

An engaging biography of Mary Baker Eddy just hit the shelves of Christian Science Reading Rooms worldwide, and Heather Vogel Frederick is coming to Arden Wood to tell us about it.

**A World More Bright** is a richly detailed account of Mrs. Eddy's life and her remarkable achievements, and early reviews confirm the book's appeal to readers of any age who are interested in Christian Science and its Leader. Heather's talk, "Seeking and Finding Mary Baker Eddy," weaves together a wealth of experience and knowledge, a love of our Leader, and a wonderful sense of humor.

After a 20-year career as a journalist — including a stint at *The Christian Science Monitor* as a staff reporter and children's book review editor — Heather decided it was high time to fulfill her lifelong dream of writing for young readers. Today, she's the author of over a dozen books spanning many genres, and her work has been honored both nationally and internationally as well as translated into numerous languages. Heather's talk is sure to inspire your own aspirations while illuminating **A World More Bright**.

You're invited to stay for **LUNCH WITH HEATHER** in our Main Dining Room, following her talk. If you plan to do so, please RSVP: [reservations@ardenwood.org](mailto:reservations@ardenwood.org) or (415) 379-2116

*See you on March 8th for a new view of Mrs. Eddy's life and works!*
