

Jesus—the Master Teacher

GREAT FOR
Sunday School teachers,
parents, grandparents,
high school & college
students!

Arden Wood is hosting a lively workshop
on our Wayshower, Christ Jesus:

- what he teaches
- how he teaches
- how we teach others

Our workshop facilitator is Genelle Austin-Lett:

- founder of BibleWise.com
- speaker at Bible conferences nationally
- author of many articles in the Christian Science periodicals
- professor emerita from San Jose State University

Together, we'll deep-dive into:

- Jesus' parables and healings with an eye to teaching them to all age groups
- Jesus' directive to preach the kingdom of heaven and heal the sick
- study and teaching resources, including BibleWise.com

This workshop will inspire practical footsteps and new ways for studying and teaching from the Bible.
